

Consent Form for Using Adults (18 and Over)
As Participants in a STEM Fair Project

2019-20

Date:

To Whom It May Concern:

For my school STEM fair project this year I need to get permission to use you in my STEM fair project. I am not doing anything or using anything that would be harmful to people. I have gotten permission, by signature, to do my project using people from my science teacher and one of the following people: the school principal, a psychologist, a medical doctor, a registered nurse, a veterinarian, or a scientist.

Here is what I am doing for my project and how I am using people.

If what I am doing is all right, please sign below that I can use you in my STEM fair project and date it. Please return it to me. All information gathered will not reveal the person being tested.

Thank you,

(Signature of student doing the STEM fair project)

I give my permission for _____
(Name of student doing STEM fair project)
to use me in his/her STEM fair project.

Signed:

(Name of person used in the STEM fair project.)
